

REQUIREMENTS TO THE AUTHORS

The Scientific Journal “Problems of Geography” has been issued by the Department of Geography (the former Institute of Geography) at the NIGGG at the Bulgarian Academy of Sciences (BAS) since 1974. Prior to this year the “Bulletin of the Institute of Geography-BAS” was published (1953-1974). Four volumes of the Journal come out annually of which the last one is only in English. Articles are published in Bulgarian, English, Russian, French and German.

The journal contains papers of theoretical and methodological importance or works, presenting the scientific results from research projects on topical problems in all spheres of geographic investigations and related scientific branches, which are conducted by Bulgarian and foreign scholars. It publishes scientific announcements, discussion materials, reviews and commentaries. All materials are reviewed.

The Editorial Board has the following requirements to the authors who submit their papers for publication:

1. The articles, submitted for publication, should not have been published before.
2. The scientific articles will be accepted by the Editorial Board if only they are completed and presented in their final version.
3. The articles shouldn't be larger than 18 standard pages (up to 1850 characters, including the character spacing) while the scientific announcements and reviews shouldn't exceed 8 pages. The total volume of the materials covers the text itself, the tables and the figures, the reference list, the annotation (not more than half a page) and the abstract (up to one page and a half in Bulgarian or English).
4. The texts have to be presented in digital format .doc-Word for Windows, Font Style Times New Roman or Arial, Size 12, line spacing 1.5.
5. The maps and diagrams (colour or black-and-white) have to be put under a separate file in format .jpg, .tiff, .psd, and are supposed to be of high quality.
6. The reference list is required to observe the following rules: the names of the authors, written in Latin, are to be followed by the proceedings, given in alphabetical order.

The Editorial Board is not responsible for the content of the papers, for their scientific reliability and does not send back manuscripts. In cases in plagiarism found is entirely the responsibility of the authors.
