

## **Stoyan Nedkov**

*Assoc. Prof. PhD*

Stoyan Nedkov is an associate professor in the Department of Geography at NIGGG-BAS. His research area is landscape ecology and application of GIS in environmental assessment. His current work is focused on assessment and accounting of ecosystem services at landscape level as well as the use of GIS and spatial modeling for integrated assessment of the dynamics of hazardous processes in mountain catchments and mapping of flood regulation ecosystem services. S. Nedkov had lectures at Sofia University, Salzburg University and Joensuu University. He is a member of the steering committee of Ecosystem Services Partnership and an expert at the Intergovernmental Panel on Biodiversity and Ecosystem Services.
