Emil Oynakov

PhD

Emil Oynakov works as an assistant at the Department of Seismology and Earthquake Engineering at the National Institute of Geophysics, Geodesy and Geography, Bulgarian Academy of Sciences since 2018. He has experience in monitoring of the seismicity in Bulgaria and the surrounding region. The research tasks he carries out focused on statistical methods in seismology and spectral analysis in theoretical and practical aspect. His scientific interests and research projects are related to seismic data analysis and method of Microseismic Sounding.
